

CapCut handoff

matchaxmoxie · handoff sheet · Last checked: October 2026

For the person who will edit a short vertical video in CapCut after the builder leaves.

Why tickets happen

Tickets pile up when the project is finished on the timeline but nobody Exports a file.

Steps

- 1 Open CapCut and sign in if it asks.
- 2 Start a new project. Import the clips.
- 3 Set the ratio to 9:16 before you frame.
- 4 Trim and arrange clips. Add a short caption if needed.
- 5 Export, save the file, then upload where you post.

Write this down

- Which device has CapCut installed.
- Where exported videos should be saved.
- Who posts the finished video.
- Never put the password on this sheet.
